Photography/Video Permission

In the course of their duties, including running Youth Council events and attending Parish Council events, Youth Councillors may sometimes be photographed or filmed. West Horsley Parish Council therefore requests permission to use any such images on the Parish Council’s website and social media channels, in its newsletters, and in any other printed materials deemed beneficial to the Youth Council. Please note no names will be attached to any images used.

Please complete the following questions to give your consent to the use of images/video for communication purposes. We also request the participant’s permission. If you would rather your child was not photographed in any way, this will not stop them being involved in the West Horsley Youth Council, we will simply ensure they are not included in any photography/filming.

Parent/Carer’s Consent (delete as appropriate):

- ❖ I do / do not give permission for images of my child in his/her capacity as Youth Councillor to be added to the West Horsley Parish Council website.
- ❖ I do / do not give permission for images of my child in his/her capacity as Youth Councillor to be uploaded to the Parish Council’s social media channels.
- ❖ I do / do not give permission for images of my child in his/her capacity as Youth Councillor to be used for any other media/journalistic purposes.
